Marketing and Promotion RFP - Growlt Corp

Overview

Growlt Corp is looking for marketing services for our upcoming product release. We want to improve our reach and get more clients through different marketing activities. The campaign should cover various areas, but we are open to suggestions.

Objectives

Main goal is to increase visibility of the new product. Also hoping to generate more leads. Would be nice to improve our brand presence online.

Scope of Work

The agency should provide help with marketing. This might include ads, social media, and maybe some content. Also want some reports on how it's going. Some video or visual materials could be useful.

Timeline

We'd like to start next month. It should last a couple of months depending on results. We expect a plan with phases and dates.

Budget

Budget is around EUR 15,000. We are open to adjusting depending on the plan and quality.

Collaboration

We expect regular updates and calls to stay on track. Coordination with our marketing coordinator is required. We mostly use email and Google Meet.

Compliance and Data Security

We handle customer data and expect agencies to respect privacy and legal obligations. GDPR compliance is important, but we don't have strict protocols set up yet.

Evaluation Criteria

We'll choose based on experience, price, and how creative the proposal is. Previous campaigns and understanding of our industry will also count.
